Dedication

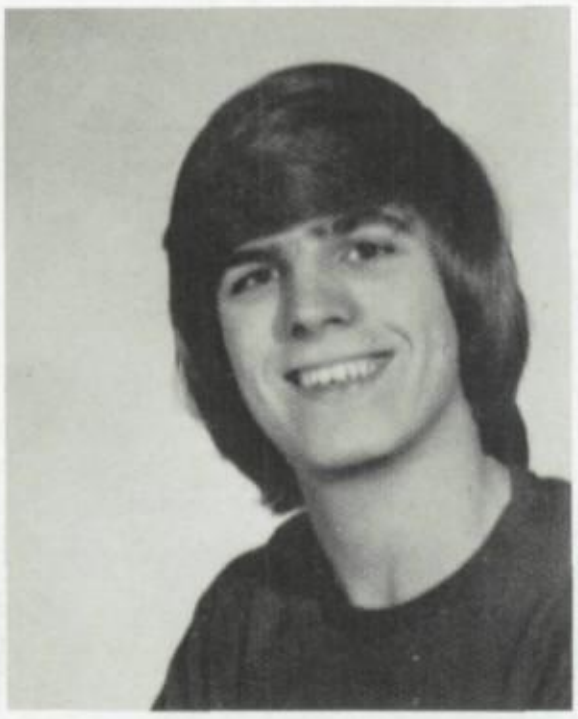
The class of 1977 would like to dedicate this yearbook to Mr. Edgar Snyder and Mr. John Wappett, in expression of our sincere appreciation for all they've done for us and for so many others throughout the years.

Mr. Snyder graduated from Argyle High School in 1933 and went on to complete his Bachelors Degree at Springfield in 1937. After spending 4 1/2 in the armed forces during World War II, he returned to earn a Masters Degree at Cornell University in 1946. In the fall of that year he came to Greenwich where he assumed the responsibilities of guidance counselor and assistant principal. In 1957 he moved up to High School Principal and finally, in 1959, he took over the reins as District Principal; a position he has held to the present.

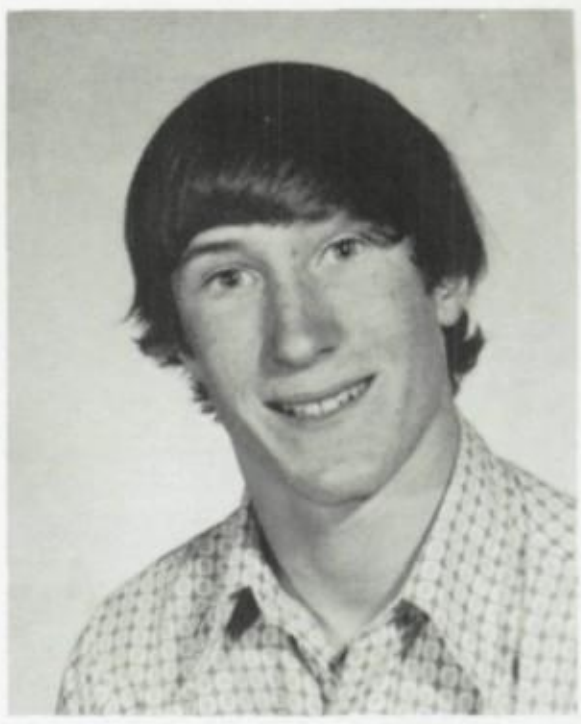
Mr. Wappett was born in Bermuda and received his education at Duke and Columbia Universities. After World War II, he became a teacher in Warrensburg and later served that district as an administrator. He has been teaching at G. C. S. for nine years and is well known for his technique of making learning fun by telling amusing stories and anecdotes which never fail to hold a student's attention.

These two men have given many years of service to the students and faculty of G. C. S. and have always been willing to donate their valuable time and effort whenever it could be used. As Mr. Snyder and Mr. Wappett retire at the end of this year, the Class of 1977 wishes them much happiness and expresses their gratitude for all they've done for G. C. S. and the community of Greenwich.

In Memory



Bill Walsh



Jamie Johnson

As we enter and go through school,
We grow to know each other.

Each summer is hot, each winter is cool,
As time passes we're like sister and brother.
Our class has a great deal of life,
But to have life, there must be death.
The life we live is bright,
But we always wonder about the next breath.

Our Junior class has lost two beautiful people,
Or have we lost them?
We gather here under the church steeple,
And we pray for them.
But they are here praying with us,
Feeling proud for what we're doing.
They are not only praying with us, but for us,
They know where each of our lives is going.

These two people were great,
They had love, loyalty, and energy.
They were happy, and neither one afraid,
They have both died in tragedy.
But they have died for our life,
We must carry them on as well,
We must keep our lives bright,
Be happy, loving, and cheerful.

The most anyone can do,
Is to keep their memory alive.
For they too,
Keep memories of us.

NATIONAL HONOR SOCIETY

Principal's Message

Class Of 1977

In 1976 our country celebrated its 200th year. This year's graduating class will be the 100th to graduate here in Greenwich. If you would study that 100 years of history of your school you would find that there have been many changes. The requirements have changed, the educational program has changed, morals, mores, and values have changed, and the society in which young people are educated has changed.

This year's class marks the 31st which this writer has had the privilege of watching graduate. Over that span of years certain strong impressions have been formed. One of the foremost is that we have been fortunate here in Greenwich as to the general calibre of our youth. The great majority are good young people who can be counted on to go on to become good citizens and good people. They are normal young people who make mistakes as do all of us as we struggle for maturity. But most have the basic good character without which this country could not have reached its present state. This is fortunate. It is fortunate for young people themselves but it is also fortunate for the welfare of American society. For that society cannot survive without a solid base of sound, dependable people. We have in recent times undergone periods of severe social stress in which the basic honesty of our society has come into question. The dishonest politician, the welfare cheat, the unscrupulous businessman, the lazy or slipshod worker, these and others have led to doubts as to the direction our society is taking. Yet, comparison with any other society on this planet leaves most of us feeling that ours is not one we would trade for any other. While ours cries out for reform in some areas, it remains a society unmatched in many ways anywhere else.

But to survive and to be improved for all of you and for those to come it must have a sound, honest, thinking citizenry. You, the class of 1977, will have a chance to contribute to that condition. First, you must care; that is essential. Then you must fill your role in life as honestly and straightforwardly as possible. There will be leaders among you, there will be followers. But whatever your role, do it as well as you may. Therein lies life's real reward.

To the Class of 1977 we wish all the best. May you contribute well and may life reward you correspondingly.

Sincerely,

E. F. Snyder

Prophecy

Occasion: "1977 Class Reunion."

After being scattered for ten years, the class of 77 unites for its first reunion.

PAUL LORENZ came all the way from Kansas, where he's raising a herd of beefalo.

MIKE CATALFIMO came from the mens' clothing department at Sears, where he works as a mannequin, modeling fine clothes.

ED DAVIS came to the reunion proudly carrying his Golden Crutch award.

No reunion is complete without at least one disaster. The disaster at this reunion occurred when LESLIE NIELSEN flushed her contact lenses down the toilet.

GARY TOWNSEND is busy handing out cigars. He's the proud father of two baby dills and a gherkin.

TIM WEIR, meanwhile, seems to have suffered from an identity crisis. He thinks he's Doctor Seuss and is serving green eggs and ham at the buffet table. WAYNE CLAYTON just keeps shaking his head and saying, "I do not like green eggs and ham!"

LORI BROOKS is seen trying to stop ARLENE SHAW and KAREN STEWART from putting flies in the buttermilk. (Shoo fly shoo!)

"Easton" was absent from the reunion. KRIS MOY, PATTY HAYES, and HELENE PEARSON couldn't make it because they're comfortably hidden away at the mental institution of Poughkeepsie. The rest of Easton; HAROLD SNELL, TERRY LAMB, GREG CARKNARD, and RICK BROWNELL missed the bus. They were to get on bus #13 but got confused because there were two digits.

ANNE VANDERZEE is setting up the movie projector for her new movie; "The Other Side of Willard." KATHY BINETTE is waiting for her turn at the projector so she can show the movie she made while in England, entitled; "British Feet Have Five Toes, Too."

DAWN MOREHOUSE is busy cleaning the rug after RANDY SMITH, DAVE CAMPBELL, and PAUL FOELSCH entered the reunion and left some of the "good stuff" all over.

Meanwhile, JOHN DWYER and RICHARD RUDDOCK are fighting over DAVE CONKEYS' rubber duck. Dave said one of them could have it since he bought a new one from MIKE FISH anyway.

CAROL GARDEPHE and TANYA DANDROW ALDRICH appear pushing a large cake into the room. From inside the cake, JUNE BARROWS and KERRY BAIN can be heard

arguing over who should jump out first.

JUDY THOMAS dropped her cookie in her tea from pure shock. She didn't think it was that kind of party. GRACE CRAFT just slapped her on the back and told her to have a good time.

MIKE YURSCHAK is seen wandering from person to person, trying to get them to sign up for his "Love of Life" polka classes.

A hush fell over the room when it was rumored that ANDY WHITAKER might finally speak.

COBBY DAVIS is seen standing at the refreshment table pumping punch while BILLY SMITH is busy cleaning DEBBIE SCOTTS' glasses with a squeegee.

KATHY FILER is trying to teach GEORGE BOUNDS the bump and LAURA PERRY is seen waiting for someone to choke so she can use the "Hug of Life" method on them.

Poor TIM CORCORAN, he's been flirting with the cake for over an hour and it still hasn't talked to him.

LEW BASSETT is still sitting in the corner of the room after ten years, contemplating the financial situation of New York City.

ALAN NIELSEN is heard approaching the reunion on his noble stud. Why, he's only hitting two cocoanuts together! All that time he spent with Monty Python's Flying Circus was well worth it.

One of the entertaining events of the evening was when KIETH PLOG was placed on a rotating pedestal by TIM MARTIN, BARB SAUNDERS, DONNA CASALE, and SANDY MONROE. His body was admired by all.

KYLE HARTWELL had to be removed from the room after mistaking BUTCH TRINKLE'S hair for carrot salad. No wonder Butch is prematurely bald.

BARRY JOHNSON, trying to escape from a multitude of his fans, pins his famous centerfold from YOUNG MISS on the wall. ED BLANCHFIELD, thinking it was a game of Pin-the-Tail-On-the-Donkey, put on a blindfold.

LYLE WILKINSON is starring in the new hit movie "Miracle on Eddy Street." Is he the real Santa Claus?

PETER and PAUL PORTER, and RUSS and JEFF NORTON have joined the Big Brothers Association.

MICHELE DREW and THERESA ALDOUS are in a contest to see who can win the attention of a teenage idol. Unfortunately, FRED SCHAFER won't stay awake.

BETH BALDOCK, in her never-ending cascade of hairdos, arrived late to the reunion. She was as bald as an eagle and soon expects her picture on the back of the quarter. AMY MILLER, taking advantage of a humorous situation, drew a smiley face on the top of her head.

PHIL KENT, missing his Korean friends, ran about the party pushing tea and fortune cookies on everyone.

SANYA SANDERS and JOAN FRONHOFFER struggles to understand each other. Joan had trouble with Sonya's southern accent and Sonya couldn't listen slow enough to Joan.

A late comer has arrived. It was an hour before he was recognized as JOHN SAUNDERS. It seems that a banty rooster had chased him all the way from the local tavern. DON BAIN sympathized with him because just last week he had been harrassed by a giant rabbit at that same tavern.

LORI THOMAS thinks she's losing her mind. She keeps seeing a blurry object racing around the room. It turns out to be BOB MOR$E and either he's got a bad case of nerves or he's still hung up on cross country.

Whoever said DAVE BAIN wouldn't succeed? He's now with the Department of Agriculture, heading the Udder Division.

DONNA ADAMS sat through the entire reunion without talking or poking anyone. When asked by MICHELE SHERIN what the matter was, she claimed that she was only doing what someone instructed her to do in the back of her yearbook ten years ago; "Don't do anything I wouldn't do." No one explained to her that she didn't have to take it seriously because they didn't want her to return to her fidgety old self.

SCOTT TROMBLEY, after taking many Kung Fu lessons, split a table in half while buttering his bread.

BEV BORDEN, the 1987 Dairy Princess, was last seen forcing milk down LYNN BODKIN'S throat. This created more confusion when KATHY JENNINGS slipped in the spilt milk and had to swim for it.

The absence of TIM MULLEN was noticed by several of his friends at the reunion. After searching for him awhile, he was finally found in the boy's locker room, pinned under a 250 lb. barbell.

SANDY HEINEMAN, after running out of people who would listen to her, had to re-

sort to talking to the cake, which promptly melted.

Psychologist SUE CROSIER is busy working on KEN CHARRON'S problem. He's telling the same jokes he told ten years ago.

JEFF LATHROP is rocking in his chair near the door, acting as the reunions official bouncer. Alas! Here comes his first victims: ex-marine KERRY KARP, wildman DAN BROPHY, and JOHN KNIFFEN with his bionic yoyo.

After ten years it was found that a few class members were quite talented in the field of sports. LORI PEREGRIM is now playing basketball with the Celtics and BRUCE WOODS is busy putting olives into the punchbowl with his 5-iron.

PAT BULGER is keeping a watchful eye on JUDY NULTY and BARB MEADER DONOVAN, hoping to get more information for her weekly scandal sheet.

BETH HOGAN VALLONE has been busy working in her husbands new restaurant called "The Greasy Spoon," and TRACIE GRIFFIN HUNT is now writing articles for the popular magazine, "Family Circle."

CHET ROGERS has become a Smokey Bear fanatic from his previous work with the Middle Falls Fire Department. He put out MARGE BISHOPS' cigarette with his pocket-size fire extinguisher. Too bad it was still in her mouth.

CINDY WAITE is seen trying to console TIM WELZANUK. Tim was crushed. It was the first time a girl had even turned him down.

PAM ADAMS, who was busy demonstrating her clay modeling ability, got tired of being heckled by BRIAN BARBUR. She promptly shoved her clay in Brian's mouth.

JOHN IMHOF, now a prominent lawyer, is shuffling through his briefcase, working on the Supreme Court decision of Proch vs. the Easton church. LENNY PROCH was caught with his hand in the collection plate. Lawyer Imhof is trying to decide if he was making a deposit or withdrawal.

FRANK NESTLE still hasn't recuperated from his FFA trip to Kansas. He still wears his cowboy hat and walks like he just got off a horse.

That takes care of the Class of 77. It seems that each class member has gotten exactly what he or she wanted (or deserved) during the past ten years. Let's wish them luck during the next ten years.

Do you know where you're going to?
Do you like the things that life is

Do you get what you're hoping for?
When you look behind you there's no

Class History

We first met as a class when we toddled, wide-eyed with milk money in hand, to the Kingergarten classes of G.C.S. Because of limited classrooms, some of us started our school lives in churches. Could it have been a hint? Between field trips and "Prisoner's Base", we slowly began to build a foundation of character and knowledge.

Our next prominent achievement occurred when we advanced to the Middle-Grade building. Our activities included trips to New York City and Montreal, and a sixth grade dance.

Finally we journeyed into Junior High. So we lost a few teachers; we were only trying to be noticed! The cafeteria turned out to be our main battleground, but no food was wasted. It was used to either paint the walls or cushion the chairs.

Speaking softly but carrying a big stick, a new principal, Dr. Fitzgerald, greeted us as we entered our Freshman year. After we had settled down a little, we elected Tim Martin as Class President, Mike Catalfimo as Vice-President, Theresa Aldous as Secretary, and Dawn Morehouse as Treasurer. Our Class Advisor was Mr. Eggleston. The Freshman magazine drive substantially financed a majority of our high school activities and school spirit seemed to bring our class even closer together.

As Sophomores, we were led by Mr. Wappett and Dr. Renauld as Class Advisors. We elected Tim Martin as Class President, Tim Weir as Vice-President, Theresa Aldous as Secretary, and Dawn Morehouse as Treasurer. The main event of our Sophomore year was ordering our class rings.

Our Junior year started off on the right track with our ring banquet. We chose to have it at Wallie's and everyone seemed to have a good time. Together with the Seniors we planned a Junior-Senior dance which was also successful. The highlight of our Junior year was the prom. "Do You Know Where You're Going To?" was the theme. The prom was followed by dinner at the Chateau de Louis and a party at Snell's. The Class Advisor was Mr. Ramsey. Our Class President was Ed Blanchfield, our Vice-President was Mike Catalfimo, our Secretary was Theresa Aldous, and Dawn Morehouse was our Treasurer.

As Seniors, we elected Dawn Morehouse as our Class President, Tim Weir as our Vice-President, Lori Thomas as our Secretary, and Lori Brooks as our Treasurer. Dr. Caputo and Mr. Richmond were our Class Advisors.

As our Senior year comes to an end, and the members of our class go their separate ways, we look back at all the good times we've had at G.C.S. and the friends that helped to enrich our lives. As we leave our rather sheltered lives to take on more responsibilities, each member of our class hopes to be content and successful in his or her own way. We would like to thank all those who made the first step in our lives a happy and memorable one.

Noise in the halls
Excitement in the air
Graffiti on the walls
Crowds of kids everywhere
During all the years of school
All the years of sports and work
Times of following the rules
And knowning where the teachers lurk
We thought we hated classes
And perhaps we really did
But we have memories nothing surpasses
No amount of money bid
Would we trade for all the good times
Which are all we will recall
As the bad are blotted out
And we go separate ways next fall.
